TEUTONS CHECK RUSSIAN DRIVE

Violent Fighting Continues on Eastern Front.

EACH SIDE IS REINFORCED

British Forces Hold Their Gains on the Western Front and Usual Period of Consolidation and Bringing Up of Artillery is Presumed to Be Taking Place.

London, July 14.—The most violent fighting in the great entente allied offensive is on the Eastern front, where General Brussiloff's tremendous blows are being continued without apparent lull or hesitation. Temporarily at least the Austro-Germans appear to have halted the Russian advance along the Stokhod.

Both sides are hurling huge reinforcements of men and guns into this titanic struggle, the prize of which is the immensely important strategic town of Kovel.

A battle is raging on the lower Stripa where the Russians are striking north in an effort to crush General von Bothmer and flank the entire Austro-German line.

The Austrians admit that the Russians penetrated von Bothmer's front at some points, but assert they were driven out again in counter attacks. The Russians claim to have taken 2,000 prisoners, but make no mention of a gain in territory.

British Hold Their Gains.

The British have held their gains on their portion of the Somme front, and the usual period of consolidation and the pushing forward of the big artillery is presumed to be taking place.

A similar situation exists on the French line and a remarkably brief French official statement simply records the continuance of the bombardment at Fort Souville, in the Verdun region.

Austrian troops in the Adige valley, after a heavy bombardment, made an attack on positions recently won by the Italians. The Rome war office announced that the Austrians had been driven back in disorder with large losses.

The British expedition in Mesopotamia is still at Sannayyut, about fifteen miles below Kut-el-Amara on the Tigris, according to an official statement issued. The statement says that the British forces have been subjected to an ineffectual artillery attack.

BELIEVE AUSTRIA IS READY FOR PEACE

London, July 14.—Departure from Petrograd of the entire Russian council of ministers on their way to imperial field headquarters has been the cause of much speculation in the Russian capital, according to news dispatches from Petrograd.

Only once before since the war began has a similar council been held. At that time it was devoted to a consideration of international conditions and created a precedent in Russian history. Popular opinion ascribes the present council to the situation of Austria.

For the second time in the war Austria-Hungary has met with crushing defeat and there is a strong feeling in influential quarters that if Austria again throws out feelers for a separate peace they should be welcomed by the allies.

55,000 LIEBKNECHT FOLLOWERS STRIKE

Amsterdam, July 14.—The Socialist newspaper, the Tribune, asserts 55,000 workmen employed in munitions factories and electrical works in Berlin and in an aerodrome at Johannisthal have gone on strike as a protest against the prison sentence imposed on Dr. Karl Liebknecht, the Socialist leader, for participation in the May day demonstration at Berlin.

Chicago, July 14.—Fourteen of the seventeen labor leaders tried in the circuit court on charges of conspiracy to extort and to destroy property were found guilty in a verdict returned by the jury.

VON BERNSTORFF VISITS SUBMARINE

Baltimore, July 14.—Count von Bernstorff, the German ambassador, spent an hour aboard the German submarine merchantman Deutschland. He inspected the vessel from stem to stern, had the intricate machinery and instruments aboard explained to him and personally congratulated Captain Koenig upon bringing his vessel safely to America through waters infested with hostile warcraft.

Two attaches of the German embassy, the German and Austrian consuls in Baltimore and Mayor Preston accompanied the ambassador on his visit to the submarine.

The intense heat inside the hull of the vessel, generated by sun rays beating upon the deck and sides, prevented the party from remaining aboard longer than an hour.

The ambassador informed Captain Koenig that he would send him before the Deutschland starts on her return voyage several packets of official papers which he desired to have delivered intact to the Berlin foreign office. Some of these documents embassy officials have been reluctant to trust in the regular mails because it was considered likely they would fall into the hands of British censors.

SAYS FOREIGNERS MUST SHOW LOYALTY

Washington, July 14.—President Wilson told a citizenship convention here that the American government must insist foreigners becoming citizens remain loyal even if they are not pleased with the way affairs are conducted.

Loyalty means nothing, he declared, unless it is coupled with self-sacrifice. He added that Americans cannot teach loyalty unless they practice it. "We ought to be careful to maintain a government at which the immigrant can look with the closest scrutiny and to which he should be at liberty to address this question: 'You declare this to be a land of liberty and of equality and of justice; have you made it so by your law?'" the president said.

PERSHING BELIEVES DIFFICULTY SETTLED

Washington, July 14.—General John J. Pershing believes the trouble between the United States and Mexico is settled. In a report to the war department he made this statement, supplementing a report that "Mexicans in this vicinity (the vicinity of his column), along the Mexican railroad, are reported friendly toward Americans in the last few days."

Authority from the state department to permit restoration to normal of movement into Mexico of all commodities except munitions of war was asked by the treasury department.

FIELD FOR CHICAGO DERBY

ALLIED ATTACKS WILL CONTINUE

British Premier Says Offensive Is Only Beginning.

HAVE PLENTY OF MUNITIONS

David Lloyd George, War Minister, Asserts Factories Are Turning Out Arms and Ammunition of All Descriptions and the Plants Have Not Attained Full Capacity Yet.

London, July 14.—Two important statements in regard to the situation on the Western war front were made here. Premier Asquith, speaking in the house of commons, declared that the British supply of munitions was ample and that the Franco-British offensive was merely at its beginning.

The second statement was made by Lloyd George, minister for war, addressing an allied conference on equipment. He declared that the British output of ammunition soon will be overwhelming and that the new factories and workshops have not yet attained one-third their full capacity.

The war chief declared the combined offensive of the allies had wrenched the initiative from the Germans, never, he trusted, to return.

"We have crossed the watershed," he said, "and now victory is beginning to flow in our direction. This change is due to the improvement in our equipment."

The conference was participated in by Albert Thomas, French minister of munitions; General Beliaeff, assistant minister of war of Russia; General Adali, member of the Italian ministry of war, and the new British minister of munitions, Edwin S. Montagu.

Fortunes of Allies Change. "Since our last munitions conference," Lloyd George said, "there has been a considerable change in the fortunes of the allies."

"On that date the great Champagne offensive in the west had just failed to attain its objective and the French and British armies had sustained heavy losses without the achievement of any particular success. In the east the enemy had pressed the gallant armies of Russia back some hundred miles and the Balkans had just been overrun by the central powers."

"The overwhelming victories won by the valiant soldier of Russia have struck terror into the hearts of our foes and those, coupled with the immortal defense of Verdun by our indomitable French comrades, and the brave resistance of the Italians against overwhelming odds in the southern Alps, have changed the whole complexion of the landscape."

"Why have our prospects improved? The answer is the equipment of our armies has improved enormously and is continuing to improve."

Making Hundreds of Guns.

"Every month we are turning out hundreds of guns and howitzers, light, medium and heavy. We are turning out nearly twice as much ammunition in a single week—and, what is more, nearly three times as much heavy shell—as we fired for the great offensive in September, although the ammunition we expended in that battle was the result of many weary weeks accumulation."

"The new factories and workshops we set up have not yet attained one-third their full capacity, but their output is now increasing with great rapidity."

Premier Asquith made his announcement to the commons announcing that the government had decided to ask workers to forego their August holidays because of the demands for munitions in France.

He expressed conviction that the workmen would co-operate in this plan, making it plain to Great Britain's foes that the offensive, in its present intensity of bombardment and assault, would, if necessary, be "continued indefinitely."

It is true that we are selling furniture for less than it can be purchased from any eastern mail order concern

HERE'S WHY WE ARE SUCCESSFUL—Our store is rapidly developing into one of the largest furniture distributing establishments in northern Minnesota. We are growing bigger and stronger every single day. Our surprising growth is not due to our 35 year reputation; nor is it due to the out-of-date idea that people must trade at home no matter what the cost. Our steady, healthy growth can be directly traced to our CONSISTENT APPLICATION OF MODERN MERCHANDISING METHODS; quantity buying which brings lowest prices and lowest freight rates; a thorough knowledge of where and how to get the mer-

chandise that you require; a great big stock to select from—we don't have to offer excuses—we have the goods; the farthest price system in the world—every article in our store is plainly marked showing the price and terms; we make no special inducements to favored customers but offer just one price which is so absolutely correct that it stamps every piece of Patek furniture as a real bargain.

A GENEROUS OFFER

We want to place one or more pieces of our fine furniture in every home in northern Minnesota. We don't ask you to spend a lot of money with us. BRAINERD AND LITTLE FALLS

Big Game Scheduled at Koering Field on Sunday Afternoon, Anything to Beat Little Falls

HAVE BEAT US TWICE BEFORE

This Sunday to be the Crucial Game, the Crisis of the Baseball Season of 1916

"Brainerd vs Little Falls, Sunday, July 16th at Brainerd." That is enough to make the cold chills run up and down every baseball fan's back, for hasn't Little Falls beaten us twice by one run and isn't this game Sunday the crucial one of the entire season?

Both games were decided by a single run and were the finest and closest games ever witnessed in this part of the state, and Sunday's game promises to be another on the same order. The local team, however, has been strengthened considerably by the addition of Russ and Hoefler, both fine hitters, and this should give Brainerd the necessary punch which was lacking in the past against Little Falls. The local lineup Sunday was by far the strongest ever presented by a Brainerd team and our downriver rivals will have to make a decided change in their team to hold the home team down to a respectable score. Both Verndale and Staples can vouch for Brainerd's strength in the batting department and Manager Cook promises to present this aggregation of diamond stars on Sunday coming so that Brainerd can break Little Falls' winning streak.

Victor saved his arm through the entire Staples game and will be in shape to pitch the game of his life Sunday. Vic is a great pitcher when he has to work to remain in the lead and has proven his worth many times when a victory was needed. The lineup of Little Falls will be about the same as on the 4th of July with probably a man or two added, and the teams will undoubtedly prove the fastest clubs ever meeting on a ball field in this city. Come and help the boys win.

Dewey Warren, Trying to Subdue a Broncho, Has Leg Broken

Dewey Warren, hired man at J. N. Francis country place, "Linden House," broke his leg when the broncho he was endeavoring to subdue, threw him. A year ago he broke his left leg in a similar encounter with a broncho at Vineland, near by. He is now at the Sisters hospital in Brainerd.

INSTALLING SAFETY SIGNS

Motorists Should Cooperate With Railway to Reduce Crossing Accidents

Northwest railroads have expended thousands of dollars in the last two years installing safety signs along their crossings. This has had a remarkable effect in reducing to a minimum accidents at such places.

According to the Northern Pacific Railway's bureau of efficiency, however, automobilists should observe greater caution when approaching railway crossings. Although that road has been almost free from trains colliding into motor cars at crossings, a campaign is being waged to point out to automobile drivers the part they should play.

"When motor car owners follow the plan of stopping before they reach a crossing, or approaching it at very low speed, and then looking both ways and listening," says a recent circular, "the danger of accidents at a crossing may be practically eliminated. It is to be hoped that motorists will co-operate with the railways in putting a stop to unnecessary deaths and injuries. Caution will do this very thing."

The G. A. R. elected Commander Eli Wright, Walker; Senior Vice Commander, J. A. Gilburg, Backus; Junior Vice Commander, P. E. Vanblaricum, Long Prairie; Chaplain, Judge Lang, Cass Lake.

The Woman's Relief Corps elected District President Mrs. Nella Williams, Duluth; senior vice president, Mrs. Emma Ames, Akeley; junior vice president, Mrs. Ada Trafton, Motley; chaplain, Mrs. Bertha Theviot, Brainerd; treasurer, Mrs. Almira Cleveland, Sauk Center; secretary, Mrs. Emma F. Gearhart, Duluth; councilor, Mrs. Mary Wilson, Staples; delegates to national convention, Mrs. Louise Whitney, Wadena, and Mrs. Isabelle Flood, Swanville; their alternates, Mrs. Bertha Zeese, Aitkin, and Mrs. Margaret Morrison, Staples. Mrs. Gearhart was recommended as a member of the soldiers home department board.

Resolutions adopted expressed the appreciation of the G. A. R. and W. R. C. for the fine address delivered by Dr. R. A. Belse, mayor of Brainerd, for the kindness and courtesy of the Chamber of Commerce, the auto rides, the Chamber of Commerce rooms to meet in, etc.

During the year two members of the W. R. C. passed away and they were remembered in the resolutions, being Dr. Emma Ogden of Detroit, and Mrs. Helen M. Cole of Long Prairie.

Thursday night the comrades and ladies were entertained at the campfire in the Chamber of Commerce rooms. The speaker of the evening was Ex-Gov. Samuel R. VanSant and he delivered an inspiring, patriotic address which was heartily applauded.

BRAINERD AND LITTLE FALLS

Big Game Scheduled at Koering Field on Sunday Afternoon. Anything to Beat Little Falls

HAVE BEAT US TWICE BEFORE

This Sunday to be the Crucial Game, the Crisis of the Baseball Season of 1916

"Brainerd vs Little Falls, Sunday, July 16th at Brainerd." That is enough to make the cold chills run up and down every baseball fan's back, for hasn't Little Falls beaten us twice by one run and isn't this game Sunday the crucial one of the entire season?

Both games were decided by a single run and were the finest and closest games ever witnessed in this part of the state, and Sunday's game promises to be another on the same order. The local team, however, has been strengthened considerably by the addition of Russ and Hoefler, both fine hitters, and this should give Brainerd the necessary punch which was lacking in the past against Little Falls. The local lineup Sunday was by far the strongest ever presented by a Brainerd team and our down-river rivals will have to make a decided change in their team to hold the home team down to a respectable score. Both Verndale and Staples can vouch for Brainerd's strength in the batting department and Manager Cook promises to present this aggregation of diamond stars on Sunday coming so that Brainerd can break Little Falls' winning streak.

Victor saved his arm through the entire Staples game and will be in shape to pitch the game of his life Sunday. Vic is a great pitcher when he has to work to remain in the lead and has proven his worth many times when a victory was needed. The lineup of Little Falls will be about the same as on the 4th of July with probably a man or two added, and the teams will undoubtedly prove the fastest clubs ever meeting on a ball field in this city. Come and help the boys win.

Dewey Warren, Trying to Subdue a Broncho, Has Leg Broken

Dewey Warren, hired man at J. N. Francis country place, "Linden House," broke his leg when the broncho he was endeavoring to subdue, threw him. A year ago he broke his left leg in a similar encounter with a broncho at Vineland, near by. He is now at the Sisters hospital in Brainerd.

INSTALLING SAFETY SIGNS

Motorists Should Cooperate With Railway to Reduce Crossing Accidents

Northwest railroads have expended thousands of dollars in the last two years installing safety signs along their crossings. This has had a remarkable effect in reducing to a minimum accidents at such places.

According to the Northern Pacific Railway's bureau of efficiency, however, automobilists should observe greater caution when approaching railway crossings. Although that road has been almost free from trains colliding into motor cars at crossings, a campaign is being waged to point out to automobile drivers the part they should play.

"When motor car owners follow the plan of stopping before they reach a crossing, or approaching it at very low speed, and then looking both ways and listening," says a recent circular, "the danger of accidents at a crossing may be practically eliminated. It is to be hoped that motorists will co-operate with the railways in putting a stop to unnecessary deaths and injuries. Caution will do this very thing."

WHAT THIS CONTEST MEANS

The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., gives out the following statement at its Washington headquarters:

"In his history of the American people, President Wilson truthfully said that the election of 1900 was won by argument. It was in the last analysis a contest between the radical and the conservative forces of the country and the conservative forces won."

"And much the same thing will be true of the campaign of 1916. This is to be a campaign of argument notwithstanding the effort of President Wilson to create the impression that the issue is patriotism and that every man who is not for him is unpatriotic. It is not, however, a campaign between the radical forces and the conservative forces of the country and the conservative forces won."

"The democratic administration is neither conservative, nor radical nor anything else definable and dependable. It was conservative yesterday, is radical today and nobody can guess what it will be tomorrow. It blows hot and cold with the same breath. It asks the advice and co-operation of business men but refuses to accept their suggestions. It professes willingness to aid private enterprise but rapidly extends its policy over foreign competition after the war, but takes no adequate steps to guard against it. It declared a few months ago that we have not neglected national defense and now wants the greatest navy on earth. It pretends to be non-partisan but subordinates everything to party interest. It proclaims its advocacy of equal justice but persecutes one of the soundest banking institutions in the country. It sends ultimata that do not utilize force. It talks strict accountability and enforces no accountability. It announces one policy one week and a different policy the next. It back-steps, sidesteps, and hesitates. It enacts and repeals. It wavers and wobbles."

"This is a contest between erratic democracy and stable republicanism."

Long Time Payment Plan Adopted

Offered in Large Cities

The Dispatch runs today the two page ad of C. M. Patek & Son, who are marking a great success in the business of selling furniture on the installment plan.

The ad features a letter from the local freight agent, G. W. Mosier, which states that C. M. Patek & Son have received shipments of furniture in 1916 which averaged a carload every 13 days.

By persistent advertising the firm has increased its business, supplying homes and offices in Brainerd, the surrounding villages and has spread out and reached every summer resort within a radius of 30 or more miles from Brainerd.

Square dealing, prompt delivery, a reliable class of goods, and courtesy and that attention to the smallest details which delights the most critical customer, these are the things which have built up the trade and reputation of the house of C. M. Patek & Son.

A carload every 13 days supplies enough furniture to equip a large home each day of the week, and so the reader can easily figure how Patek furniture is being bought these days. The firm recently added an auto delivery truck which is being used in local and outside delivery.

Incidentally the ad which is being run today includes an offer of long time payments which is entirely new and more liberal than any payment plan which house furnishing concerns usually adopt. In this C. M. Patek & Son offer better inducements than any Chicago, St. Paul, Minneapolis or other large city house.

WHAT THIS CONTEST MEANS

The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., gives out the following statement at its Washington headquarters:

"In his history of the American people, President Wilson truthfully said that the election of 1900 was won by argument. It was in the last analysis a contest between the radical and the conservative forces of the country and the conservative forces won."

"And much the same thing will be true of the campaign of 1916. This is to be a campaign of argument notwithstanding the effort of President Wilson to create the impression that the issue is patriotism and that every man who is not for him is unpatriotic. It is not, however, a campaign between the radical forces and the conservative forces of the country and the conservative forces won."

"The democratic administration is neither conservative, nor radical nor anything else definable and dependable. It was conservative yesterday, is radical today and nobody can guess what it will be tomorrow. It blows hot and cold with the same breath. It asks the advice and co-operation of business men but refuses to accept their suggestions. It professes willingness to aid private enterprise but rapidly extends its policy over foreign competition after the war, but takes no adequate steps to guard against it. It declared a few months ago that we have not neglected national defense and now wants the greatest navy on earth. It pretends to be non-partisan but subordinates everything to party interest. It proclaims its advocacy of equal justice but persecutes one of the soundest banking institutions in the country. It sends ultimatums that do not ultimately. It talks strict accountability and enforces no accountability. It announces one policy one week and a different policy the next. It back-steps, sidesteps, and hesitates. It enacts and repeals. It wavers and wobbles."

"This is a contest between erratic democracy and stable republicanism."

CARLOAD EVERY THIRTEEN DAYS

Large Volume of Business of C. M. Patek & Son Certified to by Freight Agent, Brainerd

FURNISH LARGE HOME EACH DAY

Long Time Payment Plan Adopted
Exceeds Anything of the Kind
Offered in Large Cities

The Dispatch runs today the two page ad of C. M. Patek & Son, who are marking a great success in the business of selling furniture on the installment plan.

The ad features a letter from the local freight agent, G. W. Mosier, which states that C. M. Patek & Son have received shipments of furniture in 1916 which averaged a carload every 13 days.

By persistent advertising the firm has increased its business, supplying homes and offices in Brainerd, the surrounding villages and has spread out and reached every summer resort within a radius of 30 or more miles from Brainerd.

Square dealing, prompt delivery, a reliable class of goods, and courtesy and that attention to the smallest details which delights the most critical customer, these are the things which have built up the trade and reputation of the house of C. M. Patek & Son.

A carload every 13 days supplies enough furniture to equip a large home each day of the week, and so the reader can easily figure how Patek furniture is being bought these days. The firm recently added an auto delivery truck which is being used in local and outside delivery.

Incidentally the ad which is being run today includes an offer of long time payments which is entirely new and more liberal than any payment plan which house furnishing concerns usually adopt. In this C. M. Patek & Son offer better inducements than any Chicago, St. Paul, Minneapolis or other large city house.

The bride was gown in white silk and carried roses. Her attendants were the Miss Hazel Amulson and Eleanor Berggreen of Crosby, who were dressed in white and carried carnations.

Mr. and Mrs. Mattson left for the Twin Cities on their wedding tour and will be at home at Crosby after August 1. The Dispatch joins their many friends in wishing them unbounded happiness and prosperity.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have hollow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Company Travels in a Special Train of 30 Cars, Here the Week Starting July 24

Harry F. Hofer, special agent of the Wortham Carnival Co., has arrived in the city and will attend to publicity work and bill the vicinity for 30 miles around Brainerd. An active campaign will be carried on to bring in the attendance to make the carnival a genuine success. Mr. Hofer will be on the job continuously, assisting the local people.

The carnival is given under the auspices of the park board. Press notices speak most favorably of the Wortham shows. They travel in a special train of 30 cars and carry 26 attractions. The Wortham shows were a decided attraction at the recent Fargo, N. D., fair.

BRAINERD'S ODDEST STORIES TODAY

There are burglars of various degrees of criminality, but about the smallest, most despicable kind was the one who robbed a Southeast Brainerd household on Thursday evening, the loot consisting of a savings bank full of pennies, nickels and dimes, a pair of used working pants and a cake. Small as the loss was in the aggregate, yet it affected every member of the household and woe betide any burglar who makes a second visit there.

Fred Cook says "Brainerd vs. Little Falls Sunday, July 16 at Brainerd" causes cold chills to run up and down every baseball fan's back. Well, well, it's worth the admission then to get cooled off in the grand stand. It is hoped Little Falls stays over for supper.

The credit of supplying the King split log road drags to the 25 farmers at the Community Picnic belongs to the Brainerd Automobile club and the Chamber of Commerce. The automobile men and the Chamber of Commerce should each and severally be handed bouquets for their public spiritness and for the effective boost they have given to the cause of good roads in Crow Wing county.

Each farmer in open meeting at the picnic, when called upon, stood up and accepted the road drag and, what is still more important, agreed to use the drag.

CASHIER TELLS OF WIFE'S CASE

Says Helpmate Has Lost All Fear of Former Pains

GLADLY RECOMMENDS TANLAC

Declares Master Medicine Brought Mrs. Lundberg Remarkable Relief—Her Former Distressing Condition Now Thing of Past, He Asserts

Minneapolis, Minn., July 14—Out of gratitude for the wonderful relief his wife gained, and at the same time hoping that others might profit by her experience, H. C. Lundberg, assistant cashier for the W. S. Nott Co., who lives at 1230 James avenue, north, told here, recently, of the remarkable merits of the celebrated new medicine, Tanlac. He said:

"My wife suffered with stomach trouble for a long time and her system generally was run down. Indigestion bothered her and gas accumulated in her stomach after eating. She would belch for a long time after meals.

"One bottle of this new medicine has proven to me that as a system re-constructer, Tanlac can't be beaten. Mrs. Lundberg eats heartily now and without fear of the former bad after-effects, belching and gas formations. I want to recommend Tanlac for it has helped my wife wonderfully."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness and the like.

Tanlac is now being specially introduced and explained in Brainerd at Johnson's Pharmacy.—Adv't.

Suit for Alienation of Affections is Tried at Duluth Before Judge Page Morris

MILLER IS TO PAY \$1.00

Able Defended by M. E. Ryan of Brainerd, Attorney for Alfred Bjork was Benj. Goldberg

Suing for \$25,000 heart balm and awarded \$1 by the jury is the gist of a suit charging alienation of a wife's affections.

After a brief deliberation at Duluth, a jury in the United States district court awarded Alfred Bjork of Superior, a verdict of \$1 in his \$25,000 heart balm suit brought against James M. Miller of Brainerd.

The case was begun before Judge Page Morris Tuesday afternoon. Bjork alleged the defendant had alienated the affections of his wife, Mrs. Elizabeth Bjork, and had induced her to obtain a divorce in the superior court of Douglas county, Wis., in 1913, breaking up his home. Mrs. Bjork did not appear at the trial. M. E. Ryan of Brainerd, was attorney for Miller. Benjamin Goldberg of Duluth, represented Bjork.

VERNDALE STORY

Claim Nevit Was in Very Poor Form and That Brainerd Could Have Doubled the Count

(Verndale Sun)

The Verndale ball team took an awful beating at Brainerd last Sunday, due principally to some of the worst pitching possible, although numerous misplays on the part of the local infield materially assisted the home team in piling up fifteen scores while the best Verndale could do was two. Nevit had absolutely nothing and it is evident that if Brainerd tried very hard they could have easily doubled the count. The Verndale team was weakened considerably, due to the fact that Hodgkin, one of the best players on the team, was taken sick at the last minute and was unable to go.

Five or six hits and two or three misplays gave Brainerd a lead of eight in the first inning and this lead, together with the fact that Nevitt failed to show any improvement in the following innings, discouraged the players and they played listless ball all through the game.

Verndale's two scores came in the seventh inning and were the result of a couple of passes and a like number of errors on the part of the Brainerd infield.

by an extra brigade of experts whose automobiles are used "to bill the country for miles around." The Wheeler Bros. show is famous in the east and south where for many years its visits have been so popular as to place this organization up in the millionaire class of showmen, and now seeking new territory for this tour, hopes to become an established favorite here.

That the circus, like base ball, is America's chosen recreation, will hardly be disputed, and it is likely no popular local event gives such a round pleasure; the big free open street parade, the costly display of magnificent horses, handsome women, gorgeous trappings; the money paid out for provisions and feed, the local advertising bills and the railroad expense, all run into a grand total. But the crowds on the streets, the crowds from the country, the crowds at the show, if it doesn't rain, all go to make the circus worth while. It is the one popular holiday event, and the circus pays the bill, rain or shine.

His Backache Gone

Just how dangerous a backache, sore muscles, aching joints or rheu-matic pains may be is sometimes re-alized only when life insurance is re-fused on account of kidney trouble. Joseph G. CREDIT DUE TO OTHERS

Brainerd Automobile Club Shared in Honor of Providing Road Drags for the Farmers

The credit of supplying the King split log road drags to the 25 farm-ers at the Community Picnic belongs to the Brainerd Automobile club and the Chamber of Commerce. The au-tomobile men and the Chamber of Commerce should each and severally be handed bouquets for their public spiritedness and for the effective boost they have given to the cause of good roads in Crow Wing county.

Each farmer in open meeting at the picnic, when called upon, stood up and accepted the road drag and, what is still more important, agreed to use the drag.

CASHIER TELLS OF WIFE'S CASE

Says Helpmate Has Lost All Fear of Former Pains

GLADLY RECOMMENDS TANLAC

Declares Master Medicine Brought Mrs. Lundberg Remarkable Relief—Her Former Distressing Condition Now Thing of Past, He Asserts

Minneapolis, Minn., July 14—Out of gratitude for the wonderful relief his wife gained, and at the same time hoping that others might profit by her experience, H. C. Lundberg, as-sistant cashier for the W. S. Nott Co. who lives at 1230 James avenue, north, told here, recently, of the re-markable merits of the celebrated new medicine, Tanlac. He said: "My wife suffered with stomach trouble for a long time and her sys-tem generally was run down. In-digestion bothered her and gas accu-mulated in her stomach after eating. She would belch for a long time after meals.

"One bottle of this new medicine has proven to me that as a system re-structor, Tanlac can't be beaten. Mrs. Lundberg eats heartily now and without fear of the former bad after-effects, belching and gas formations. I want to recommend Tanlac for it has helped my wife wonderfully."

Tanlac, the Master Medicine, is es-pecially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness and the like.

Tanlac is now being specially in-troduced and explained in Brainerd at Johnson's Pharmacy.—Adv't.

Suit for Alienation of Affections is Tried at Duluth Before Judge Page Morris

MILLER IS TO PAY \$1.00

Ablely Defended by M. E. Ryan of Brainerd, Attorney for Alfred Bjork was Benj. Goldberg

Suing for \$25,000 heart balm and awarded \$1 by the jury is the gist of a suit charging alienation of a wife's affections.

After a brief deliberation at Duluth, a jury in the United States district court awarded Alfred Bjork of Superior, a verdict of \$1 in his \$25,000 heart balm suit brought against James M. Miller of Brainerd.

The case was begun before Judge Page Morris Tuesday afternoon. Bjork alleged the defendant had alienated the affections of his wife, Mrs. Elizabeth Bjork, and had in-duced her to obtain a divorce in the superior court of Douglas county, Wis., in 1913, breaking up his home. Mrs. Bjork did not appear at the trial. M. E. Ryan of Brainerd, was attor-ney for Miller. Benjamin Goldberg of Duluth, represented Bjork.

VERNDALE STORY

Claim Nevit Was in Very Poor Form and That Brainerd Could Have Doubled the Count

(Verndale Sun)

The Verndale ball team took an awful beating at Brainerd last Sun-day, due principally to some of the worst pitching possible, although numerous misplays on the part of the local infield materially assisted the home team in piling up fifteen scores while the best Verndale could do was two. Nevit had absolutely nothing and it is evident that if Brainerd tried very hard they could have easily doubled the count. The Verndale team was weakened con-siderably, due to the fact that Hod-gin, one of the best players on the team, was taken sick at the last minute and was unable to go.

Five or six hits and two or three misplays gave Brainerd a lead of eight in the first inning and this lead, together with the fact that Nevitt failed to show any improvement in the following innings, discouraged the players and they played listless ball all through the game.

Verndale's two scores came in the seventh inning and were the result of a couple of passes and a like number of errors on the part of the Brainerd infield.

by an extra brigade of experts whose automobiles are used "to bill the country for miles around." The Wheeler Bros. show is famous in the east and south where for many years its visits have been so popular as to place this organization up in the mil-lionaire class of showmen, and now seeking new territory for this tour, hopes to become an established fa-vorite here.

That the circus, like base ball, is America's chosen recreation, will hardly be disputed, and it is likely no popular local event gives such all 'round pleasure; the big free open-eden street parade, the costly display of magnificent horses, handsome women, gorgeous trappings; the money paid out for provisions and feed, the local advertising bills and the railroad expense, all run into a grand total. But the crowds on the streets, the crowds from the country, the crowds at the show, if it don't rain, all go to make the circus worth while. It is the one popular holiday event, and the circus pays the bill, rain or shine.
